

The St. Francis de Sales School Library

Book Registry Program

St. Francis de Sales is able to make wholesale priced books available for donation to the school library through the monthly Book Registry. The registry is a fun and relatively inexpensive way for parents and others to help improve the school library. Each month, we offer a variety to choose from: critically acclaimed fiction, non-fiction, as well as those current releases frequently requested by the students. Book donations are commemorated in the book itself and in the Grapevine newsletter, making a book donation a terrific way to commemorate a special event.

Thank you to our very generous donors.

Please see the ***Grapevine*** for this month's book offers.
